

# Microsoft and Infor Among Perceptive Software Partner of the Year Recipients

**Four organizations were recently honored as Perceptive Software 2013 Partners of the Year, including Microsoft, Infor, EDM and TecnoSet.**

SHAWNEE, Kan.

## News Facts

- Four organizations were recently honored as Perceptive Software 2013 Partners of the Year. Organizations included:
- Microsoft is Alliance Partner of the Year: Microsoft endorsed Perceptive Software as a go-to partner for enterprise content management in North America, naming Perceptive a “Managed Partner.”
- Infor/Lawson is North America Partner of the Year: Perceptive Software and Infor/Lawson share more than 230 customers. The two companies recently completed a joint development effort to integrate Perceptive Software to Infor’s AP automation solution.
- EDM is EMEA Partner of the Year: A major business process outsourcer (BPO) and key partner since 2010, EDM customers are further supported by leveraging Perceptive Intelligent Capture. EDM is one of the UK’s largest information management services providers offering digital mailroom, scanning, online document hosting and business process management (BPM).
- TecnoSet is Latin America Partner of the Year: A complement to Lexmark’s managed print services contracts, TecnoSet is a key partner across many industries in Brazil

## Supporting Quotes

“Perceptive Software is proud to recognize these outstanding partners,” said Paul Hunt, vice president, worldwide channel, Perceptive Software. “Microsoft, Infor/Lawson, EDM and TecnoSet are among our many partners worldwide who help deliver Perceptive Software solutions to customers around the globe.”

About Perceptive Software ([www.perceptivesoftware.com](http://www.perceptivesoftware.com))

Lexmark’s Perceptive Software (NYSE: LXX) builds intelligent capture, content management, process management, enterprise search and integration products that connect the unstructured printed and digital information across enterprises with the processes, applications and people who need it most.
