

Keypoint Intelligence Recognizes Lexmark for Outstanding Value in A3 Enterprise Color Printing

The Lexmark CS923de device earned a Buyers Lab Summer 2018 Pick award.

Lexmark, a global imaging solutions leader, today announced it was recognized by Keypoint Intelligence-Buyers Lab with a Summer 2018 Pick award for Outstanding A3 Color Printer for Enterprise Environments.

Keypoint Intelligence-Buyers Lab is the world's leading independent provider of testing services and analytical information to the document imaging industry. Awarded twice annually for office equipment, Picks acknowledge the products that gave the best performances in Buyers Lab's extensive suite of lab tests in the previous six months.

"The Lexmark CS923de is an excellent choice for higher volume color environments," said Marlene Orr, Director of Printer & MFP Analysis for Keypoint Intelligence - Buyers Lab. "Delivering superb color quality, excellent reliability, fast speeds, and unparalleled ease of use that busy enterprise users need, the Lexmark CS923de also offers a low cost of ownership, making it an economical choice for users that need larger-format color prints."

" The Lexmark CS923de is an excellent choice for higher volume color environments - Marlene Orr, Director of Printer & MFP Analysis for Keypoint Intelligence. "

"This recognition further validates our commitment to providing Lexmark customers innovative products and solutions that help propel their business forward," said Allen Waugerman, Lexmark senior vice president and chief technology officer. "We are proud to deliver printers and MFPs that combine quality, reliability, speed and ease of use with a low total cost of ownership."
