

PC WORLD RANKS LEXMARK X9575 PROFESSIONAL SERIES WIRELESS ALL-IN-ONE AMONG TOP 10 INKJET MULTIFUNCTION PRINTERS

Lexmark International, Inc.'s (NYSE: LXX) [X9575](#) Professional Series Wireless All-in-One (AIO) has been named to the list of Top 10 inkjet multifunction printers by PC World, a leading consumer technology publication (PC World, September 2008). In its June review of the Lexmark X9575, PC World said the Lexmark X9575 is well equipped for a small or home office. "A color inkjet multifunction printer packed with business-centric features - including integrated Wi-Fi. It outshines other models in the same price range...small businesses and home offices looking for a truly versatile multifunction printer will find a good candidate in the X9575 Professional (PC World, June 2008)."

Priced at \$249.991, the Lexmark X9575 features business-class print speeds of up to 33 pages per minute (ppm) in black and 28 ppm in color2. The Lexmark X9575 increases productivity with features such as automatic two-sided printing, wireless printing3 and Ethernet connectivity, XL high-yield cartridges, and Lexmark's exclusive Productivity Studio Software, which allows users to view and edit photos. With the included Lexmark Toolbar, users can customize printing from the Internet, such as omitting unwanted ads. In addition, customers receive a one-year warranty with next-business-day replacement and lifetime phone support, including a toll-free priority phone number.

"The X9575 provides small business and home office workers with numerous capabilities - including printing, scanning, copying and faxing - and reliable service, all from a single device," said Paul A. Rooke, Lexmark executive vice president and president of its Consumer Printer Division. "Lexmark monitors customer needs on an ongoing basis looking for ways to continue making their printing experience better and easier."
