

# LEXMARK X500N RANKED IN TOP FIVE COLOR LASER MULTIFUNCTION PRINTERS BY PC WORLD

Lexmark International, Inc.'s (NYSE: LXX) X500n color multifunction laser printer has been named to the February 2008 list of top five color laser multifunction printers published by PC World, a leading technology publication.

PC World recognized the Lexmark X500n for its value and "good overall design and performance."<sup>1</sup> Network ready and available for only \$499<sup>2</sup>, the Lexmark X500n gives small businesses and workgroups access to high-quality color printing, copying and scanning at an affordable price. The Lexmark X500n prints at speeds up to 31 pages per minute (ppm) in monochrome and eight ppm in color, and its multifunction copy and scan capabilities allow customers to reduce devices and energy consumption.

"The Lexmark X500n is a powerful printer, consolidating many document functions and enabling customers to reduce their environmental footprint and boost productivity," said Marty Canning, Lexmark vice president and president of its Printing Solutions and Services Division. "We are proud to have the Lexmark X500n acknowledged on PC World's list of top five color laser multifunction printers."

The Lexmark X500n received an Editor's Choice award from Better Buys for Business<sup>3</sup> and a four-mice rating from MacWorld in 2007<sup>4</sup>.
