Lexmark compatibility with Mac OS X Lion

LEXINGTON, Ky., July 22, 2011—Lexmark International, Inc. (NYSE: LXK) announces support for Apple's latest operating system, Mac OS X Lion. More than 150 Lexmark printer drivers are available for download via Apple's Software Update utility.

The Lexmark compatibility page lists all models supported for this OS and also shows where you can find the driver for your printer model.

Set up on Mac OS X Lion requires two basic steps:

Install Mac OS X 10.7 printer drivers

Set up print/fax queue
