

New Lexmark healthcare solution takes pain out of hospital admissions, registration by streamlining processes

NEWSBYTE, Oct. 11, 2011 - Lexmark International, Inc. (NYSE: LXX) today announced the new [Lexmark Patient Admissions and Registration Solution](#), which simplifies paper-intensive admissions and registration processes. The Lexmark solution enables healthcare providers to electronically capture, organize, route and access patient documentation quickly, accurately and securely, so they can spend more time focusing on patient care instead of processing paperwork.

[Lexmark's Patient Admissions and Registration Solution:](#)

- Checks patients in quickly at the point of service – the admissions desk, a clinical floor or bedside
- Works with any healthcare information system to streamline document-driven routines
- Enables instant and secure sharing of content with clinical and administrative staff
